“ Rest In Peace my dear Uncle Charles.
You have served well...
Thank you for your service to our country. It meant so much to a young girl, your niece, that was watching your bravery and commitment while I was growing up. I saw the sacrifices that you made being away from your family, and the sacrifices that they made.
I loved spending time with you and your family every chance that I got. Thank you for loving me as your own.
You will be truly missed by all of us, especially by your wife, children, grandchildren and greats! What a LEGACY that you have created!
You ran the race that was before you....good job!
You will live on in my heart always,
I love you
Your proud niece,
Regina Raley Stradley

“ Charles was my first cousin and we grew up in the same area in BonSecour. Charles was five years older than me and I looked to him as an older brother during our early years. He taught me how to fish for Brim in a small creek behind my house. My Dad had a small shrimp boat during the summer of my 13th or 14th year and he and I tried shrimping with it that summer. Though shrimp were plentiful then, we made very little money because the price per pound was very low and that boat was constantly breaking down. Charles joined and made a career in the Army and we didn't see each other much after that. I still felt our bond was there because I also made a career out of military service (USAF). He and I were the only two of all our cousins who did that. I have many fond memories of our times spent together in BonSecour. I am very sad to learn of his passing. I know he will be missed by many.
