“ I been a friend of Joe an the entire Petelinski family since the late Fifties. Watched how they increased their farming operation to the success it is today. they went out of their way to help anybody. We hunted for years together . Joe an the other brothers an myself worked with the state of Alabama Fish & Game Commission on a deer study program to allow the harvest Doe deer . We were the ones that are responsible for the doe deer harvest in the state of Alabama today. Joe Edward Jerome an myself fished hunted deer ducks dove an shrimped many times.. Joe an myself went on a duck hunting trip to Pecan Island Louisiana. We were guest of some Cajun friends we had met through the Alabama Game Commission It was a once in a lifetime trip that you never forget. So Joe when you cross Jordan look for some good deer hunting ground a good duck pond a good dove field I'll join you one day an we can hunt on forever without all the ache an pains we have in this world .so when I cross Jordan an see you waiting for me we can hunt for eternity Your Friend till the very end When I visited you the other day i did not know that would be our last visit . I told you I loved you an I would see you soon you told me the same. but those words could have been unsaid and we knew it would have been alright we already knew where we stand we had a special bond.. Your Friend Jack.
