Comments

“ Marsha and I met when she was a counselor at Robertsdale Elementary School. She was so good to my nephews and to all of the kids. She loved each one of them individually and they all knew it. We quickly became friends. Marsha had a wonderful sense of humor and I loved to hear her laugh. I couldn't wait to hire her as a counselor for Robertsdale High School. Again, she loved her students and they couldn't wait to have her as their counselor. Marsha brought sunshine into my life and into our school. She loved her family very much and often talked about them. I am blessed to have known Marsha and I am grateful for all she did for my nephews and me. Marsha was a sweet soul and will be missed by everyone. My prayers go out for the Flint family and friends. I will always think of happy times I spent with Marsha and what a blessing she was in my life.

“ Marsha and I met as room mothers to our kindergarten sons in 1986. I was fortunate enough to work with her for many years. When she was an English teacher at Loxley Middle School and I was a counselor there, she walked into Mr. Dudley Howell's office, the principal, to conduct some brief business. She immediately switched on the intercom button to dead silence. I soon learned that her excellent classroom control was not out of fear, but love and respect. They loved her because she made it clear that she loved them. She was as sentimental as a person can be and as tough as need be to make sure that each student got what they needed to gain an education. Again we worked as counselors at Robertsdale High School and her enormous heart and love were apparent. She was brilliant and quickly learned the names of all 300 students in her charge and would do anything for them that a mother would do for their child. She was a positive force in this world, encouraging to the end. Of her husband she would say he was 'Good as Gold!' and she was beyond any words I can think of to describe her love for and pride in her son, Justin. Thousands of Baldwin County citizens are in her debt and we grieve with you.

“ Marsha was such a good friend and wonderful person. I will miss our monthly get together at the salon. We have been friends for many years. She was a very loyal and true person. She talked so often about Mark and how he had taken care of her recently and she didn't know what she would do without him. We all know her fierce love of Justin and how proud she was of him. Rest In Peace my dear friend.

“ She was my 4th grade teacher! I loved her.
She used to say, “Remember to make your mark on the world, just watch out for the people with erasers.” The world will not be the same without her. She truly was one of my favorite teachers!

“ What a wonderful outstanding lady she was! She touched so many lives with the good that she did in education. She and Mark raised an outstanding son Justin. Marsha left us too soon.

“ Marsha was my friend. She supported me through a number of difficult times as I taught at Robertsdale with her. She loved me and all her students and colleagues. There were days that she lifted me up and gave the best advice I could possibly have to help my students and my family. I miss her very much. The last thing she said to me on Sunday before her death was that she wanted me to tell her friends at school and at ADK that she loved them and she would be all right. She never gave up. And she is all right. She is giving advice in heaven now and loving people and our Lord in glory.
